

# Developmental Medicine & Child Neurology

## Volume 30 1988

### INDEX

*Authors and subjects of articles in the body of the journal are indexed together. Abstracts are included in the general index and listed under both subjects and authors, with '(abstr.)' at the end of the title. Letters to the Editor are indicated by the symbol '(L)'. Co-authors are cross-referenced to first author.*

#### KEY TO ISSUES AND PAGES

Issue	Pages	Issue	Pages
No. 1	1-142	No. 4	427-568
No. 2	143-284	No. 5	569-707
No. 3	285-426	No. 6	709-850

ABBS, J. H. See COLE, K. J., 752  
ABU-ARAFEH, I. A. and WALLACE, S. J.: Unwanted effects of anti-epileptic drugs, 117

ACTH-treatment of dancing eyes syndrome, behavioural disturbances after, 408(L)

Acuity assessment of non-verbal infants and children, 232

ADINOLFI, M.: Differentiation and oncogenes, 543

Adolescent headache: psychological, health-behaviour and medical factors, 616

AICARDI, J.: Clinical approach to the management of intractable epilepsy, 429

Alcohol-exposed and normal infants, development of EEG between 30 and 40 weeks gestation, 797

ALKALAY, A. L., POMERANCE, J. J. and RIMOIN, D. L.: Fetal varicella syndrome (abstr.), 422

Alzheimer disease: CSF antibodies in some patients recognize cholinergic neurons in rat CNS (abstr.), 423

American Academy for Cerebral Palsy and Developmental Medicine, Annual Meeting, 1988: *Suppl.* 57

AMIEL-TISON, C. See STEWART, A., 53

ANDERSON, J. P. *et al.*: Efficacy of soft splints in reducing severe knee-flexion contractures, 502

ANDERSON, S. W., ROUTH, D. K. and IONASCU, V. V.: Serial position memory of boys with Duchenne muscular dystrophy, 328

ANKERHUS, J. See JENSEN, T. S.

Ankle muscle activity during gait in children with cerebral palsy and equinovarus deformity (abstr.), 846

#### ANNOTATIONS

Anti-epileptic drugs, unwanted effects of, 117  
Bilateral striatal lesions, 252

Complications of pregnancy and birth—are they causes of schizophrenia? 391

Differentiation and oncogenes, 543

Facial plastic surgery for children with Down syndrome, 540

Febrile convulsions, children with, subsequent management of, 402

Fetal movements, 821

Fragile-X syndrome, 257

Lennox-Gastaut syndrome, 536

Muscle and brain disease, 546

Myalgic encephalomyelitis, 677

Nasal obstruction in childhood: the obstructive sleep apnoea syndrome, 261

Reading difficulties, children with, classification of, 398

Relaxation in cerebral palsy, 115

Screening or examining? 673

Selective dorsal rhizotomy for spastic cerebral palsy, 395

Surgical management of brachial plexus birth injuries, 824

Valproate toxicity, 121

Anticonvulsant treatment, long-standing, children with, thyroid function in (abstr.), 703

Aphasia, acquired, in childhood (abstr.), 562

APPLETON, R. E. and SYKANDA, A. M.: Objective assessment of muscle strength in chronic relapsing dysimmune polyradiculoneuropathy, 370

ARCHIDIACONO, N. See CAMMARATA, S., 646

Arteriovenous malformations, ruptures of, in children, associated with trivial head trauma (abstr.), 564

ARTS, W. F. M. See RIJK-VAN ANDEL, J. F. DE, 126

Aspiration of vegetable material, associated bronchiolar obstruction, in cerebral palsy (abstr.), 844

Auditory brainstem evoked response in high-risk neonates, prognostic significance, 43

AUKETT, A., BENNETT, M. J. and HOSKING, G. P.: Molybdenum co-factor deficiency: an easily missed inborn error of metabolism, 531

Autism  
and hyperlexia, monozygotic twins concordant for, 527  
tuberous sclerosis and (abstr.), 142  
urinary homovanillic acid levels in children with, 93

BAIER, W. K. See DOOSE, H., 683(L)

BAIRD, P. and SADOVNIK, A.: Life expectancy in Down syndrome (abstr.), 279

BAIRSTOW, P. J. See LASZLO, J. I., 686(L)

Bannatyne's 'genetic dyslexic' subtype, twin study of (abstr.), 705

BARD, H. See LEFEBVRE, F., 170

BARTHELEMEY, C. See GARREAU, B., 93

BARTLETT, K. See TURNBULL, D. M., 667

Bathing, precipitating epilepsy, 108

BAUDIN, J. See COSTELLO, A. M. DE L., 711; STEWART, A., 53

BAX, M.: Can we study language problems? 143  
Controlled trial of physical therapy at Johns Hopkins, 285  
The spinal cord in motor disorders, 709  
See also WHITMORE, K., 673

BEGGER, J. H. See RUTGERS, A. W. F., 408(L)

Behavioural disturbances  
after effective ACTH-treatment of the dancing eyes syndrome, 408(L)  
and cognitive and motor disturbance, and overflow movements, in girls, 759

BENASSI, G. See CAMMARATA, S., 646

BENDERSKY, M. et al.: Serial neuropsychological follow-up of a child following craniocervical irradiation, 816

BENNETT, M. J. See AUKETT, A., 531

BERGMAN, M. See COSTEFF, H., 360

BERTORINI, T. See KNUBLEY, W. A., 378

Biofeedback training for patients with myelomeningocele and fecal incontinence, 781

Birth  
and pregnancy complications—are they causes of schizophrenia? 391  
injuries, brachial plexus, surgical management, 824  
month, of non-speaking children, 685(L)

Birthweight  
low  
cerebral palsy in infants of, 550(L)  
extreme: follow-up study, 590  
IQ and school performance following, 685(L)  
language development at two years, 608  
propylene glycol seizures in infants of (abstr.), 280  
spastic diplegia, associations with fetal immaturity, 19  
spastic hemiplegia, associations with intra-partum stress, 11  
very low  
1000-gram or less: outcome at school age, 170 (1200 grams): cranial ultrasonography and prediction of cerebral palsy in infants of, 342  
intelligence and school performance in children of, 36  
seizures in infants of, 162

Bithalamic hyperdensities, symmetrical, in asphyxiated full-term newborns: early indicator of status marionatus (abstr.), 701

BLACK, F. O. See HORAK, F. B., 64

BLAIR, E. et al.: Cerebral palsy in low-birthweight infants, 550(L)

Blindness, transient, following intracranial pressure changes in a hydrocephalic child with a V-P shunt (abstr.), 703

Blood transfusion, effect on cerebral blood-flow in preterm infants: Doppler study, 334

Bloom syndrome: immunological lesions in human uracil DNA glycosylase (abstr.), 702

BØGGILD-ANDERSON, B. See JENSEN, T. S., 153

BONGSO, A. et al.: Chromosome anomalies in human oocytes failing to fertilize after insemination *in vitro* (abstr.), 847
